SEVE

Enough good. Responsible.

I think your lectures would be more effective if you used the slides as more of a visual aid. I find some lectures can get boring as you sometimes simply read what's on the slides and do not provide much explanation beyond that.

I believe the Prof used his time wisely and effectively. I would not change anything.

All good.

Stay after class to consult/talk to student. Great Prof overall.

Very well organized. Enjoyed having you as a Prof, even if I was stuck in the class over the summer.

Hiro is a really enthusiastic teacher, and responsible too. He encouraged me to study harder on this course.
